

- 08:00 REGISTRATION & COFFEE**
- 09:00 ORGANISER'S WELCOME MESSAGE**
- 09:05 CHAIRMAN'S OPENING SPEECH**
Chairman: **Morten Jacobsen, Independent Consultant Biogas**
- 09:15** Conference Presentation
European markets outlook
Speaker: **Harm Grobrügge, President, EBA European Biogas Association**
- 09:45** Conference Presentation
Swedish biomethane market – rapid demand growth but ceased production
Speaker: **Linus Klackenber, Production Co-ordinator, Swedish Gas Association**
- 10:15** Conference Presentation
The Global Potential of Biogas
Speaker: **Charlotte Morton, Chief Executive, World Biogas Association**
- 10:45 MORNING REFRESHMENTS & NETWORKING BREAK**
- 11:15** Conference Presentation
Power-to-X and the role of biogas
Speaker: **Peter Bjerregaard, Market Regulation Manager, E.ON**
- 11.45** Conference Presentation
Biomethane for Europe
Speaker: **John Cosmo Dwelle, Legal, Sustainability & Politics, Landwarme**
- 12:15 Financing Biogas & Power 2 Gas Projects**
Rune Ledgaard Sørensen , CEO, (LEF) Langfristet ErhvervsFinansiering A/S
- 12:35 NETWORKING LUNCH**
- 13:25** Conference Presentation
Gas production potential from forest- and forest industry residues
Speaker: **Henric Dernegard, CEO, Södra Vind**
- 14:15** Conference Presentation
Development and expansion of biogas plants in Denmark
Speaker: **TygeKjær, People and Technology Department, Roskilde University**
- 14:45 AFTERNOON REFRESHMENTS –NETWORKING BREAK**
- 15:15** Conference Presentation
Gasum'sperspective on the Nordic biogas market
Speaker: **Johan Grön, Vice President, Gasum**
- 16:00** PANEL DISCUSSION + Q & A
Is biogas a key driver to reach climate and energy goals for Europe?
What are the benefits of biogas? How can biogas contribute to fossil fuel and energy dependence?
Speakers: **TBC**
- 16:45 Chairman closing remarks day one**
Chairman: **Morten Jacobsen, Independent Consultant Biogas**

- 08:30 REGISTRATION & COFFEE**
- 09:00 CHAIRMAN'S WELCOME MESSAGE & OPENING OF THE DAY TWO**
- 09:05** Conference Presentation
The role of biogas and hydrogen driven CHP plants to prevent climate change & support COP21 decisions
Speaker Dominic Frodeno, 2G Energy AG
- 09:45** Conference Presentation
The Necessary next steps for development of biomethane and methanised gas
Speaker: Jonas C. Svendsen, Head of Trading & Strategic Innovation, Nature Energy
- 10:30 MORNING REFRESHMENTS & NETWORKING BREAK**
- 11:00** Conference Presentation
Innovative biotechnology for direct biomethane production from wastewater
Speaker: Kirsten Zagt, Director, Bateau Group
- 11:35** Conference Presentation
Climate Neutral Mobility & Power 2 gas solutions
Speaker: Laurent Lardon, Process Engineer, Electrochaea
- 12:30 NETWORKING LUNCH**
- 13:30** Conference Presentation
Paving the way for internalization of the externalities of recirculation
Speaker: Morten Enzo Gyllenborg , Development Director, Solum
- 14:00** Conference Presentation
AHPD is an innovative biotechnology for direct biomethane production from wastewater; AHPD can be combined with AH2PD for biotic CO2 fixation with hydrogen in one single step green gas reactor
Speaker: Kisten Zagt, Director, Bateau BV
- 14.30** Conference Presentation
Power-to-X: Possibilities for producing electrofuels in Denmark
Speaker: Jacob Hjerrild Zeuthen, Chief Advisor, Danish Energy Agency
- 15:00** Conference Presentation
In *situ*biomethanation:Development of injector technology for converting H2 and CO2 to methane in a full-scale biogas reactor
Michael Vedel Wegener Kofoed, PhD, Project Director & Researcher, Aarhus University
- 15:30 AFTERNOON REFRESHMENTS & NETWORKING BREAK**
- 16:00** Conference Presentation
Hydrogen: green and sustainable?
Speaker: Michael Landspersky, Auditor energy certification renewable energies, Product manager Bio-methane, TÜV SÜD Industrie Service
- 16.45 CHAIRMAN'S CLOSING REMARKS & END OF CONFERENCE**
Chairman: Morten Jacobsen, Independent Consultant Biogas
